

Item 19: Financial Performance Representations

The FTC’s Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

This historic financial performance representation below relates only to a subset of the 58 D.P. Dough restaurants in operation during 2025. During the 2025 calendar year, there were 40 franchised units in operation and 18 corporate affiliates of franchisor in operation.

The following Table 1 represents the Average Net Sales for the thirty-six (36) Reporting Restaurants as set forth in quarters. “Net Sales” means all sales of any nature made from the Restaurant, regardless of the nature of the products sold, including off site and online sales and all fees and charges received for deliveries, less any applicable sales tax, voids, or comps. “Reporting Restaurants” are franchisee owned locations that have been open for business to the public for a period of twenty four (24) consecutive months without unauthorized closures, other than on approved holidays. Unless otherwise noted, each quartile represents the average of the nine (9) Reporting Restaurants in the respective quartile as noted.

There are 4 locations that were open at the end of 2025, but which are not included in the Reporting Restaurants. The 4 locations that were not included had not been open for a twenty four (24) month period as of the end of 2024, or were closed for business early, in violation of the System, or without approval from franchisor.
