PUBLIC FIGURES

At this time, we do not use any public figure to promote our franchises, nor is there any public figure who is involved in any respect with the actual management or control of our company.

ITEM 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to disclose information about the actual and/or potential financial performance of its franchises. This information is then to be included in the Franchise Disclosure Document. Financial performance information that differs from what is included in Item 19 may be given only if: (1) a franchisor provides the actual records or an existing outlet you are considering purchasing; or (2) a franchisor supplements the information provided in this Item 19; for example, by providing information about performance at a particular location or under particular circumstances.

Franchisees may not operate multiple franchise territories under one Franchise Agreement. Each location number corresponds with an individual Franchise Agreement and all corresponding documents and responsibilities, such as signed non-disclosure documents, Monthly Maintenance Fees, and more.

We designate each franchised territory as an "outlet." As of December 31, 2024, we had 26 franchised outlets ("Franchised Locations"), operated under 26 signed franchise agreements, and 1 company-owned outlet, totally 27 outlets.

The financial information provided in the following tables represents the historical performance of the franchised outlets that operated at any time during the 2024 fiscal year (January 1, 2024, to December 31, 2024) ("Reporting Period"). The Reporting Group consists of Get A Grip Resurfacing Businesses operated under 26 franchise agreements covering 26 franchised outlets, along with 1 company-owned outlet, for a total of 27 outlets.

Note: One franchisee signed a franchise agreement in 2024 but did not commence operations or generate revenue during that year. Accordingly, this outlet is not included in the financial performance data presented below.
