ITEM 18
PUBLIC FIGURES

We do not use any public figures to promote the sale of our franchise.

ITEM 19
FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC’s Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

In this Item, we present historical information for MISTER SPARKY Franchised Businesses for the 2025 fiscal year and prior years. The explanatory notes following the tables are an important part of the information presented. As of December 31, 2025, we had 78 franchisees operating in 249 Territories.

Tables 1 and 2 present information on 60 franchisees (representing 185 Territories) that were in operation for the entire 2025 fiscal year. Excluded from these Tables are 20 franchisees (representing 48 Territories) that opened in 2025 and 9 franchisees (representing 12 Territories) that ceased operations during the 2025 fiscal year. None of the franchisees in this group operated for less than 12 months when they closed. The Tables also exclude 5 franchisees (representing 11 Territories) that did not report revenue in fiscal year 2024. See Note 3 to Table 1 for the definition of Gross Revenue.

Notes:

- (1) The table reports 60 franchisees, ranked in order of highest Average Gross Revenue Per Territory to lowest Average Gross Revenue Per Territory.
- (2) In some cases, a franchisee may have increased or decreased its number of Territories during the fiscal year. For purposes of the Table, we include all of the Territories operated by a franchisee that were operated during any time in the 2025 fiscal year.
- (3) Total Gross Revenue of the Territories in the quartile, as reported by those franchisees. The term “**Gross Revenue**” is generally defined in the applicable forms of franchise agreement as all revenue from the sale of products and services and all other income of every kind related to the Franchised Business, whether for cash, credit, trade, barter or other value and regardless of collection in the case of credit and even if you have contracted with third parties to provide certain of the services, less any bona fide refunds given to customers in the ordinary course of business. Gross Revenue also includes amounts billed to insurance or government programs. Further, Gross Revenue includes all revenue related to the sale of any products and the performance of any services (whether or not the products or services are approved by us) that are provided using any portion of the Franchised Business in any manner, including the Marks (such as service vehicles, invoices, and uniforms bearing the Marks), the System, Confidential Information, any of the employees of the Franchised Business, or the telephone number of the Franchised Business. Gross Revenue is not reduced on account of any fees or commissions you pay to third parties who refer customers. The Gross Revenue data for a franchisee may include sales in “open” Territory, that is, territory that had not been awarded to a franchisee.
- (4) The averages reported in the table are calculated by dividing the aggregate Gross Revenue by the number of Territories in the respective quartile.

- (5) The chart below shows the year Territories first began operation grouped by the respective quartile.

- (1) Our fiscal year ends December 31. The figures in the tables are as of our fiscal year end each year.
- (2) The figures are for the number of territories in operation at year-end. It is not uncommon for franchisees to own more than one Territory. Each franchise territory has a separate Franchise Agreement.
- (3) As of December 31, 2025, there were 78 franchisees in operation; the number of territories in operation for each franchisee is shown in Exhibit F. See Table 5 below regarding territories that were not yet in operation under Franchise Agreements that had been signed as of year-end.
