### **Item 18 PUBLIC FIGURES**

We do not use any public figure to promote this franchise.

### **Item 19 FINANCIAL PERFORMANCE REPRESENTATIONS**

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and franchisor-owned outlets, if there is a reasonable basis for the information and if the information is included in the Disclosure Document. Financial performance information that differs from that included in Item 19 may be given only if (1) a franchisor provides the actual records of an existing outlet you are considering buying or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

The following financial performance representations contain certain historical data relating to the operation of certain of our franchised Stores / locations. The Gross Sales franchisee data included in Part 1 (Table 1 and Table 2) was taken from the information reported to us by our franchisees through our electronic point-of-sale system. The Cost of Goods Sold and Labor Cost franchisee data included in Part 2 (Table 3 and Table 4) comes from data reported to us by our franchisees. The franchisee data included in each table in this Item 19 reflects information during the annual period from January 1 to December 31, 2025 (the “Measurement Period”).

**Part 1: Average and Median Gross Sales and Gross Sales by Category**

As of December 31, 2025, we had 295 franchised Stores operating within the United States under the Trademarks. Of those 295 Stores, 278 were open and operating for the entire Measurement Period and were not located in non-traditional locations. We have included in Table 1 Average Gross Sales and Median Gross Sales number and in Table Gross Sales data for those 278 Stores because they operated during the entire Measurement Period and were in traditional locations like your Store will be in.

The Average Gross Sales numbers, the Median Gross Sales numbers, and the Gross Sales numbers reflected in Table 1 and Table 2, below, do not reflect the cost of goods sold, royalty fees and marketing fees, operating expenses or other costs or expenses that must be deducted from revenue to obtain net income or profit. You should conduct an independent investigation of the costs and expenses you may incur in operating your Store. We urge you to consult with your financial, business, tax, accounting and legal advisors about the information contained in this Item. Revenues will vary from out to outlet due to various factors. Franchisees and former franchisees listed in this document may be one source of this information.

Above \$800,000	64

### Explanatory Notes

1. “Gross Sales” means the total revenue amount from all sources for a given Store.
  2. “Average Gross Sales” means the total Gross Sales amount from all Stores included in our data set divided by the Number of Stores in the data set. The Average Gross Sales reflected above reflect a 7.5% year-over-year increase from the previous year (as of December 31, 2024).
  3. “Median Gross Sales” means the Gross Sales amount that is in the center of all Stores included in our data set.
  4. “Number of Stores” means the number of stores included in our data set.

## Part 2: Average and Median Cost of Goods Sold and Labor Cost

We have included in Table 3 the Average Cost of Goods Sold number and in Table 4 the Average Labor Costs number for the 103 Stores that operated during the entire Measurement Period and were in traditional locations and that reported to us their Cost of Good Sold and Labor Cost data.

We do not receive detailed cost of goods and cost of labor reports from our Stores. We did request that Stores report their cost of goods sold and their cost of labor for calendar year 2025. A total of 103 Stores provided their cost of goods sold and their cost of labor for calendar year 2025. These amounts have not been audited and we rely on our reporting Stores for their accuracy.

**Table 3**  
**2025 Average and Median Cost of Goods Sold**

<b>Average Cost of Goods Sold</b>	<b>Number of Stores At or Above the Average</b>	<b>Percentage of Stores At or Above Average</b>
25.12% of Net Sales	51	49%
<b>Median Cost of Goods Sold</b>	<b>Number of Stores At or Above the Median</b>	<b>Percentage of Stores At or Above Median</b>
25.20% of Net Sales	52	50%

**Table 4**  
**2025 Average and Median Labor Cost**

<b>Average Labor Cost</b>	<b>Number of Stores At or Above the Average</b>	<b>Percentage of Stores At or Above Average</b>
24.29% of Net Sales	48	46%
<b>Median Labor Cost</b>	<b>Number of Stores At or Above the Median</b>	<b>Percentage of Stores At or Above Median</b>
23.97% of Net Sales	52	50%

1. “Net Sales” means Gross Sales minus discounts and deductions for customer discounts, coupons, promotional allowances, employee meals/discounts, returns, and refunds.
2. “Cost of Goods Sold” means the direct costs of producing products sold at a Store, including food, inventory, paper products, chemicals, and so forth.
3. “Average Cost of Goods Sold” is the average Cost of Goods Sold amount for the 102 Stores included in our data set.
4. “Median Cost of Goods Sold” is the Cost of Goods Sold amount that is in the center of all Stores included in our data set.
5. Labor Costs means the total wages, salaries, payroll taxes, and employee-related expenses that a franchise unit it incurs to operate. It excludes the cost of a manager because our model provides for both owner / operator operations (where the owner is the manager) and semi-absentee operations.
6. “Average Labor Cost” is the average Cost of Labor for the 102 Stores included in our data set.
7. “Median Labor Cost” is the Labor Cost amount that is in the center of all Stores included in our data set.

## **Bases and Assumptions**

There are no material differences between the business conducted by the Stores represented in our data set and the Store to be operated by you under the Franchise Agreement for a traditional location. The Stores in our data set since the Stores in our data set operate under the same System and Trademarks as you will operate your Store and with similar operating requirements.

**Some outlets have sold this amount. Your individual results may differ. There is no assurance that you will sell as much.**

Written substantiation for this financial performance representation will be made available to you upon reasonable request.

Other than the preceding financial performance representation, we do not make any financial performance representations. We also do not authorize our employees or representatives to make any such representations, either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should disregard it and report it to our management by contacting MJ Kwon at 20631 Ventura Boulevard, Suite 200, Woodland Hills, CA 91364, Telephone (818) 708-0316, the Federal Trade Commission, and the appropriate state regulatory agencies.
