**ITEM 19
FINANCIAL PERFORMANCE REPRESENTATIONS**

The FTC’s Franchise Rule permits a franchisor to disclose information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, and/or affiliate-owned outlets, if there is a reasonable basis for the information, and the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about performance at a particular location or under particular circumstances.

The information provided in the following chart consists of the actual historic performance based on royalties paid for the 2025 calendar year (“Reporting Period 1”) of the franchised businesses that were operating for the entire 2025 calendar year (“Reporting Group 1A”).

As of December 31, 2025, there were 113 businesses in operation, 111 of which were franchised businesses and 2 of which were company-owned businesses (See Item 20, Table 1). The Reporting Group below includes data for 36 franchised businesses that were in operation and reported sales for all 12 months of the calendar year 2025 (the “Reporting Period”). The Reporting Group does not include data for (a) the 2 company-owned franchised businesses (b) 47 franchised businesses that opened in 2025 or have yet to open and therefore did not report data for the entire Reporting Period, (c) 26 franchised businesses that did not report reliable data to us for the Reporting Period and (d) 24 franchised businesses that were closed/terminated/transferred during the Reporting Period and (and therefore did not report data for the entire Reporting Period) and thus were excluded from this Item 19. (See the following table.)
