ITEM 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned Centers, if there is a reasonable basis for the information, and if the information is included in the Disclosure Document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing Center you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

In Table 1(a), we present financial results achieved by sixty-two (62) Centers that were operational a minimum of twenty-four (24) months as of December 31, 2023 (“Mature Centers”), which includes forty-six (46) franchised Centers and sixteen (16) Centers operated by our affiliates, in the 2023 calendar year.

In Table 1(b), we present financial results achieved by four (4) Centers that were operational between twelve (12) and twenty-three (23) months as of December 31, 2023 (“Developing Centers”), which includes three (3) franchised Centers and one (1) Center operated by our affiliates, in the 2023 calendar year.
