## ITEM 18 PUBLIC FIGURES

We do not use any public figure to promote our franchises.

## ITEM 19 FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

We disclose information about the Schools' gross revenue for 2024 for those Schools in operation for all of the 2024 calendar year. Gross revenue includes revenue for both services and merchandise. Gross revenue does not include sales taxes or customer refunds made in accordance with our policies or requirements. Not all Schools have elected to sell merchandise. As of December 31, 2024, there were 93 franchised Schools and 4 corporate Schools in operation. The information below includes data from 70 franchised Schools and 4 corporate Schools. We have not included data from the 23 Schools that opened in the 2024 calendar year because those Schools did not operate for all of the 2024 calendar year. No Schools closed during the 2024 calendar year.

Written substantiation of these amounts is available upon request.

Other than the preceding financial performance representation, we do not make any financial performance representations. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet.
