**FINANCIAL PERFORMANCE REPRESENTATIONS**

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

The following financial performance representations are based upon the ten total outlets we disclose. In Table 1, we disclose five franchise outlets that operated for the entire “2024 Measurement Period” which ranges from January 1, 2024 to December 31, 2024. In Table 2, we disclose the five franchise outlets that operated for a minimum of 6 months but not the entire 12 months during the 2024 Measurement Period. The only criterium used to select the disclosed outlets included in this Item 19 was that they were franchised outlets, and they met the disclosed operating periods during the 2024 Measurement Period. We excluded our Company-Owned Outlet from this representation because it is not a franchised outlet. As of December 31, 2024, there are 36 franchised outlets in operation but the 26 we did not disclose opened in the second half of the 2024 Measurement Period and therefore did not meet the criteria to be disclosed.

**Some outlets have sold this much. Your individual results may differ. There is no assurance you will sell as much.**

**Notes to both tables:**

1. The franchise outlets disclosed above in Table 1 operate in territories with populations ranging from 1,206,868 to 1,875,660 individuals. This would represent a territory that is 1.5x to 2.25x larger than our standard base territory. We granted these territories because these franchisees were our initial franchisees and were provided with larger territories for their early adoption of our system.

2. The franchise outlets disclosed in Table 2 represent locations operating in multiple territories. The Atlanta, GA and Cary, NC locations operate in 3 territories, and Charleston, SC operates in 2 territories, while Cypress, TX and Apopka, FL operate in a single territory area.

3. “Gross Sales” means all revenues derived from all services sold and all services conducted at the Company-Owned Outlet *less* sales tax, discounts, allowances, and returns.

4. We have a reasonable basis for the financial performance information disclosed in Item 19. Written substantiation for the financial performance representation will be made available upon reasonable request.

Other than the above financial performance representation, we do not make any financial performance representations. We also do not authorize our employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, we may provide you with the actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting Ashley Taylor-Nock, 195 Montour Run Road, Suite 105, Coraopolis, Pennsylvania 15108, by email at [support@crspackout.com](mailto:support@crspackout.com), or by phone at 833- 525-7277, the Federal Trade Commission, and the appropriate state regulatory agencies.
