

Item 19:
Financial Performance Representations

The FTC’s Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

The group of facilities includes all of the outlets that are currently open. There are presently two Little Diggers facilities that are open as of December 31, 2024. Both of those facilities are company-owned. The stated level of performance was between January 1, 2024 and December 31, 2024 for the Dublin facility, and between November 15, 2024 and December 31, 2024 for the Cleveland facility. The opening date for the Cleveland facility was November 15, 2024.
